1.4 Obtaining further support and information

OCR website

The best way to obtain up-to-date information is via the OCR website (www.ocr.org.uk). The website includes essential support materials such as copies of specifications, specimen assessment materials and teacher support materials together with details about entries (including basedata), results and fees. New administrative and qualification information is added regularly.

Interchange

Interchange (<https://interchange.ocr.org.uk>) is a free, secure website that has been developed to help exams officers and teachers carry out day-to-day administrative functions online quickly and efficiently. The site supports every stage of the exam cycle – allowing you to make entries, submit internal assessment marks, view results, download controlled assessment, past papers and mark schemes, and apply for post-results services. It also provides links to allow you to request access arrangements, modified papers and special consideration. As [Interchange](#) is updated daily, it is always the place to view the most accurate information. In order to use [Interchange](#) for the first time, you just need to register your centre by returning the Interchange Agreement. This, together with a quick start guide, can be downloaded from the OCR website (www.ocr.org.uk/interchange).

OCR Customer Support Managers

Our Customer Support Managers are a dedicated team of staff covering England, Wales and Northern Ireland. We are committed to supporting our centres and do this in a number of ways:

- **Network meetings for exams officers** – We attend as many of your local network meetings as possible bringing you all the latest news and information that will impact you in the Exams Office. If you would like us to attend your meeting then please get in touch by contacting networks@ocr.org.uk.
- **Network meetings for teachers** – We are running **free** regional network meetings for teachers of our specifications. Each event will give teachers the opportunity to hear the latest news, discuss teaching specifications and resources, talk to our subject experts and connect with other teachers of their subject. Our support networks will run each term and are designed to keep teachers up-to-date. They are also a great opportunity to share passion for a subject and pick up tips from colleagues. You can view a full listing of the events we are running on the OCR website (www.ocr.org.uk/ocr-for/teachers/teacher-networks). If you are interested in hosting a network at your centre please let us know by contacting us at networks@ocr.org.uk.
- **Training for exams officers** – We deliver bespoke training for exams officers to help them understand the administration aspects of our qualifications and use of OCR systems. We will consider all requests for training and work with you to make the session relevant to your needs. If you would like to find out more please contact cast@ocr.org.uk.
- **Via our blog and Twitter feeds** – To provide you with additional support and information we've created a regular blog post, available at OCR blogs (www.ocr.org.uk/blog). You can also find useful hints and tips on Twitter (<https://twitter.com>). Follow us [@OCRexams](https://twitter.com/OCRexams) or hear from our Customer Support Managers [@OCRCustSupport](https://twitter.com/OCRCustSupport).
