## Qualification level UMS grade boundaries November 2020 series

To ensure that the grading is aligned to the summer 2020 standards and to make up for disruption to teaching, we will be applying generous grading to the November 2020 results for those certificating the qualification.

To do this, we have lowered the qualification level UMS grade boundaries for those students who completed their Cambridge Nationals qualification in the November 2020 series. We have done this at qualification level so that all students will benefit equally from the adjustment when they complete, no matter when they took units.
